## PROJECTS

Muntazim (02/2023 - 04/2023)

- Played a key role in enhancing the functionality of the Muntazim app.
- Developed and implemented a new feature using React, Tailwind, MUI, and Redux.

E-Commerce Website (01/2023 - 02/2023)

- During internship, developed an e-commerce site using React, Tailwind CSS, and similar technologies. Built a user-friendly interface, integrated payment processing, and implemented custom features.

Management Systems (05/2023 - 06/2023)

- Revamped gym admin with an Electron- React app for tracking, management, payments, and messaging.
- Elevated operations by integrating advanced features for efficient desktop application, enhancing overall administration.
- Streamlined dental operations with a MERN- stack app for smooth patient, doctor, and admin interactions.
- Enhanced dental administration with a feature-rich web app, optimizing patient management, appointments, and administrative tasks.

## CERTIFICATES

Node Trainee Program (11/2022 - 02/2023)

Certified MERN-stack developer skilled in MongoDB, Express, React, Node.js. Expert in RESTful APIs, scalable architectures. Strong problem-solving.
